

A.T.P.P.P.
Advanced Training Program in Psychoanalytic Psychotherapy
Information meeting
Wednesday, November 16, 2022
7.30pm EST

How do I learn to apply psychoanalytic theory to my clinical practice without doing the whole four-year psychoanalytic training?

The A.T.P.P.P is a two-year training program of the Toronto Psychoanalytic Society that is designed to help licensed mental health professionals apply psychoanalytic theory to their work with patients.

Are you interested in long-term work? Do you want to understand more about transference and countertransference so that you can get to the deeper levels of therapy and move the therapy forward? Please join us for a Zoom information meeting where you can learn more about the program. The session provides an opportunity for you to ask any questions you may have. We are now accepting admissions for our 2023/25 program.

The A.T.P.P.P. program is open to mental health practitioners who are registered or eligible to be registered with the Ontario regulatory bodies associated with Psychiatry, Psychology, Social Work, Family Medicine, Nursing and Counseling, as well as CRPO Registered Psychotherapists.

The application deadline is February 28th, 2023.

Please see the link to the program here:

Please email psychoanalyst@bellnet.ca to indicate your interest in attending, and a Zoom invite will be emailed to you.

We look forward to seeing you.
